PROFESSIONAL SUMMARY

Cloud-focused MCA student with hands-on experience in AWS services and developing applications on cloud platforms, gained through a 4-month AWS Cloud Internship. Currently learning and practicing DevOps tools and concepts, including Linux, CI/CD, Docker, Git, and automation. Strong problem-solving abilities with solid knowledge of Data Structures and Algorithms (DSA), demonstrated by solving 80+ LeetCode problems.

TECHNICAL SKILLS

- **Languages:** Python, Java, SQL (MySQL), YAML
- **Tools:** Git, GitHub, VS Code, Android Studio, Terraform, Figma.
- **Cloud & DevOps:** AWS (Compute, Storage, Networking & Security), Linux, Bash Scripting, Docker, Kubernetes (kubectll), CI/CD pipelines.
- **Soft Skills:** Communication, Critical Thinking, Problem-Solving, Adaptability, Decision-Making.

WORK EXPERIENCE

AWS Cloud Intern / F13Technologies / Jan 2026 – May 2026

- Successfully completed 6 AWS Cloud certifications within a period of one month, laying a solid foundation in cloud architecture and security.
- Used AWS services like EC2, S3, IAM, VPC, SNS, Cognito and Dynamo DB for project work, gaining experience in using these services for cloud deployments.
- Collaborated with a team to build and deploy cloud-based solutions, enhancing practical experience in real-world environments.

TECHNICAL PROJECTS

WebChat / March 2026 [GitHub Repository](#) [Live Demo](#)

- Developed a real-time web-based chat application for 50+ concurrent users and 1000+ messages per day.
- Integrated AWS services (IAM, Lambda, DynamoDB, Cognito) for scalable backend, authentication, and data management.
- Implemented an admin notification system using SNS for instant messaging to 100+ users.

Resume Parser & Skill Matcher for Recruiters / Feb 2026 [Live Demo](#)

- Created an event-driven resume parsing system with AWS (S3, Lambda, Textract, Comprehend, DynamoDB, API Gateway) for parsing 100+ resumes.
- Enabled automated PDF text extraction with NLP, reducing manual screening efforts by ~70%.
- Created a Jaccard similarity-based matching system with 80%+ accuracy and exposed the results as a REST API, improving system performance by 30%.

Skill Share Marketplace / Aug 2025

- Successfully managed cloud deployments using AWS, including S3 for static hosting, for 5+ deployments, increasing application availability.
- Completed market research and competitor analysis, which contributed to 2+ product improvements.
- Worked with cross-functional teams, testing features, and identified 15+ bugs, improving overall product quality.

EDUCATION

- Master of Computer Applications (MCA) | JECRC University, Jaipur | **8.64 SGPA** 2024 - 2026
- Bachelor of Science (Computer Science) | Mumbai University College, Mumbai | **7.9 CGPA** 2021 - 2024

CERTIFICATES & ACHIEVEMENTS

- **Kubernetes for Absolute Beginner** : Learned Kubernetes fundamentals including YAML, Pods, Nodes, Clusters, Deployments, and Services through hands-on labs and practical exercises.
- **AWS Certificates** : Completed 6 AWS Cloud Accreditation Certifications.
- **TechMaze Competition** : Won 1st place in TechMaze Competition at JECRC Campus.
